SONORA SIFTINGS.

Collection of Happenings in the State
Over the Line.

Messrs. Charles and Frank F. Cranz have this week been up from the Yaqui and are now visiting at Hermosillo.

Mr. Carlos Conant of the Sinaloa & Sonora Irrigation Co., has been up from the Yaqui this week, visiting in Guaymas.

Mr. George Chyle of the Hotel Almada, at Guaymas, has been recently upon the sick list. He is now reported greatly improved.

Doctor Wolfe and Mr. Thompson the electrician, now at Guaymas, are in receipt of very cheering intelligence from their Sinaloa mines.

Some very estimable people in Sonora assert that properly applied there is most wonderful efficacy in the prop-
of olive oil.

Thursday Mr. John A. Gowan was in Guaymas, directly from Bonadilla, where he reports operations are progressing favorably upon the reservoir and other work for the placer mines.

At Guaymas the wires for electric lighting are being strung around town and in the houses. It is anticipated that the plant will be completed and ready for operation by the end of May.

Mr. Frank Smith, engineer in charge of the big air compressor at Creston hold at Minas Prietas, who is recovering from a recent severe illness, is now at Guaymas, taking the salt water for a tonic.

Wednesday evening Mr. F. A. Hartman and Mr. Irich of La Dura Mining Co. arrived at Guaymas from Los Angeles. After a day or two, accompanied by Mr. Graff, they went to La Dura to inspect property.

Judge G. H. Brown of Guaymas, general attorney for the Sonora railway, is reported very ill at Hermosillo with typhoid fever. His family have been summoned to his bedside and it is feared that his life is in danger.

Monday evening the steamer Guaymas arrived at Guaymas from the lower coast, and on Wednesday she was raised in the dry dock for repairs. Many took advantage of the opportunity to go over to witness the interesting operation of docking the ship.

It is reported currently that the long pending deal for the sale of the Colorado-Creston Co.'s properties at Minas Prietas and La Colorada, has been consummated. The purchasers are the same parties who bought the Amarillas and Grand Central last year.

Having completed the sample block of street grading and cement sidewalk at Hermosillo, which gives great satisfaction, Captain L. W. Mix and Mr. R. C. Lowell have been given a contract to grade and lay walks the entire length of calle Don Luis—the principal street.

Mr. George Rodier, the artist, whose work is so well known at Nogales and Hermosillo, is now at Guaymas, doing fine portrait work for the people of that city. He may be found at the store of Mr. H. Wolf. The Oasis cheerfully recommends him to his many friends in Guaymas.

The new banknotes of the Bank of Sonora are very handsome and attractive, and are, withal, very convenient. The engraving and printing were done by the American Bank Note Co., of New York. The vignette in the upper left hand corner of the note is a finely engraved portrait of the little daughter of Governor Corral.

During the present Mr. M. Marchebout, proprietor of the Hotel Almada, at Guaymas, has set up a Mammoth refrigerator which will hold eighteen half barrels of beer, the provisions used in the kitchen, and all the ice necessary to keep everything ice cold in the hottest weather. It was made after Mr. M.'s own plans, being an expert tinner and plumber.

Last week Messrs. Joe Scott and Alex Rossi of Tucson went to Guaymas for a fishing excursion on the gulf. They chartered a small yacht, loaded it with provisions and bait and put out sea. They enjoyed the sensation of sea sickness three or four days, caught one fish and returned to Guaymas Wednesday. Thursday Mr. Rossi went home, but Mr. Scott is still in the Sonora metropolis.

In the proper column of THE OASIS this week appears the professional card of Lic. Alberto Morales of Ures, Sonora. Mr. Morales is one of the most prominent lawyers in the state of Sonora, and is an authority on Mexican land and mining law. As he transacts business in both the English and Spanish languages, all Americans having business in Sonora will be under great advantage in securing his services—should they need legal advice.

A letter to THE OASIS from Mr. Gus. Reymershofer, of Galveston, Texas, conveys the information that the gentleman contemplates bringing into the Altar district, shortly, on a tour of investigation a party of nine gentlemen to examine the extensive tracts of land in that district owned by the company of which Mr. Reymershofer is manager. They propose to go so far west as Santo Domingo and as far south as Puerto Libertad.

One day last week two men were killed in the Grand Central shaft at La Colorada, by an explosion. They had fired the fuses of a big blast at the bottom, and rung the hoist to take them up. For some reason it was slow in starting and they jumped out of the cage. Just as they jumped the cage started. One was caught between the cage and the timbers and rolled all the way up to the seven hundred foot level, falling out at the station a crushed and mangled corpse. The other escaped from the cage and took up the ladder. He had not gone far before an explosion shook him off the ladder and he fell to the bottom of the shaft just as the other shots in the blast exploded, immediately killing and frightfully mangling him.

To Whom It May Concern.

Regarding water works, a half interest in the present system was offered to me in Nov. 1897, but I declined to purchase; I also declined a franchise in Nogales, Sonora; consequently all interested parties can be assured that had I desired to own a water system in Nogales, I could have done so.

Running the Politics of Nogales.

A friend living in Washington Camp, received a letter from the chief editor of the alleged "Taxpayer" dodger, saying that he was running the politics of Nogales. He may be able to run a five-horse power pump boiler, but when it comes to running the politics of Nogales, he is entirely insufficient in weight and will be found in the bottom of the soup kettle next Monday morning.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this.
